The resolve was then referred to the committee of finance to bring in a bill.

Mr. Roberts, from the committee on the Georgia claims for militia services in 1793 and 1793 against the Indians, made a report concluding with the following resolve:

"Resolved, That a committee be appointed to draught and report a bill appropriating 109,130 dollars and 65 cents for the payment of the said claim of the state of Georgia."

Mr. Roberts also reported, from the committee of claims, a bill authorizing the settlement of the accounts of Howel Sabin, deceased, and the bill was read.

A resolution offered a few days ago by Mr Tichenor, was modified and agreed to in the following shape:

Resolved, That the Secretary of War be directed to lay before the Senate a statement at what posts the present army of the United States are stationed, and the actual number at each post respectively.

Mr. Roberts, from the committee on the bill from the House to amend the claims law reported the same with amendments (not affecting the principle of the bill.)

The resolution to authorize the president of the United States to employ John Trumbull to compose and execute certain paintings, was read a third time and passed, by the following vote;

States, and praying that all restrictions be removed or rendered equal by the adoption of corrispondent regulations on the part of the United States; and the memorial was read and referred to the committee on foreign relations.

Virginia Legislature.

HOUSE OF DELEGATES.

January 21.

On Saturday, the bill was taken up for establishing a Public Library. According to its provisions, the fund for the purchase of the same was to come out of any monies not otherwise appropriated in the Public Treasury. Mr. Banks proposed to amend, by disignating the Literary Fund instead of the Public Treasury. Messrs. Tucker and Mercer [of L.] opposed the motion. Mr. Mercer calling for the reading of the law instituting that Fund, which enters its protest against any other appropriation of the Fund than for the purposes of Education. Some debate took place on this subject; when Mr. Mercer suggested, that it might be better to draw the money from the Fund which had been set apart for improving the Public Square, which he understood had exceeded the calculations originally formed of its amount. He proposed, therefore, that the question should be divided, so as to strike from the bill the words designating the Fund, and leaving it in blank, so as to be subsequently filled up. Mr. Banks acceded to the idea, and a blank was accordingly made in the bill after which, it was laid on the table.

The Speaker then called up the Order of the Day, when Mr Tucker gave notice that he should call up the Convention Report, on onday, Mr among other reasons, to obviate an impression which he understood excited, that this question was kept back to assist the fate of another measure now before the Senate. Mr. Mercer hoped, they might go into committee on that question to day, as he was aware of such an idea being afloat, though there was no connection at all between the two measures. He intimated, that his mind was already made up, as to the convention, and that he was prepared to vote for the Report of the select Committee.

The House then went into committe of the Whole, when the Usury Bill was called up.

Mr. Hay closed his most able and ingenious argument in favor of the bill, attempting to prove the inefficiency of laws to prevent the evils of usury.

He was followed by Mr Austin, Buckingham who spoke at considerable length in opposition to the law. After which, the Committee rose.

The Speaker submitted a Communication from the governor, inclosing the resignation of Arthur Smith, Esq. a member of the Privy Council. The election of his successor will take place this day.

Yesterday various bills and reports were received from Committees.

When the Order of the Day was called up, the House went into Committee of the Whole. Mr. Estill in the Chair.

Two propositions were made, one was to take up the question of the Convention, the other, the bill concerning Usury. Messrs, Mercer, Smyth, Craighen, Tucker, and Hay supported the first motion. Messrs. Blackburn and Tazewell, the last. It was contended by the last, that it was best for the Committee to close a subject which had now been discussed for the two preceding days. On the other hand it was urged, that the question of Convention was far more important, had been earlier taken up, and as some of the members were anxious to return to their homes, that it was of more consequence to give the question of a Convention than of the Usury bill the benefit of a full house, besides, that an impression did exist, that the convention report was kept back while another measure was pending before the other House, &c. The committee decided not to take up the Report on the Convention, ayes 65, noes 70. The discussion of the usury Bill was then resumed. Mr. Blackburn spoke a considerable time in opposition to the bill, and Mr. Grimes in favor of it.

Mr. Mercer avowed, that he should vote for the bill, if two amendments were introduced; the one was, limiting its operation to a period not exceeding five years thus enabling the Legislature to see the consequences of the innovation; the other was, to postpone its operation for 3 years at least, to avoid any interference with existing contracts. Mr. M. then entered into the general merits of the bill.

Mr. Hay said he fully concurred in the proposed amendments of Mr. Mercer and had prepared them for that purpose but expecting the question would come on to day, he had not brought his papers with him. However, he recollected the substance of them, & would now propose them. He accordingly moved a slight amendment to the 1st section, proposing to follow no by others, which would limit the time of the operation of the law.

Mr. Grymes withdrew his motion to strike out the first section, made on Friday—when the question was taken on Mr. H's amendment and lost—ayes 58, noes 74,

Some amendments were then proposed by Mr. Mercer, which shared the same fate.

Finally, however, after an unavailing attempt on the part of Mr. Smyth to get the Committee to rise to allow time for discussion, a motion was made by Mr. Matthews to strike out the 1st section equivalent to a rejection of the bill which prevailed, ayes 100, noes 56.

The committee then rose—when Mr. Mercer moved to lay the bill on the table to give him time to prepare amendments. Mr. Matthews moved to postpone it to the 31st March.

The question on laying it on the table was lost, and the motion for indefinite postponement occurred. After a few remarks from Messrs. Mercer, Banks and Smyth, the question was put, and carried. Ayes 110 noes 40 So that the bill was really rejected. After which the House adjourned.

ALEXANDRIA.

FRIDAY, JANUARY 24.

FROM OUR CORRESPONDENT AT WASHINGTON.

January 23.

I think we may now reasonably indulge the expectation that the public will be relieved from the further consideration of the compensation law. It yesterday received to all intents and purposes (for it is only to be read a third time and passed this morning) the decision of the house; and after all the bustle and noise that has been made, the winding up of the story leaves the thing in a condition strictly conformable to poetical as well as political justice. The present Congress retain the increased compensation to the end of the session; and those sanctified, puritannical gentlemen of the next Congress, who by their cringing to the multitude, and their unwarrantable misrepresentations, wriggled the present men out of their seats, and themselves into them, are left to provide a compensation for themselves, and to give, if they please a more satisfactory proof than mere hollow words, of their purity and subserviency to the people's will by putting a conscientiously just value on their own services, and serving for a dollar a day, or for nothing.

In virtue of an amendment moved by Mr. Grosvenor & carried by 104 to 62, the repeal of the compensation law of last year is not to take effect after the close of the present session; while an amendment of Mr. Wilde's to provide a compensation for the members of the next congress, was negatived by a 133 to 31. Poor field marshals of the greasy caps I pity you;—indeed your case is emphatically miserable—after all your pains to drill your troops, they will revolt, on principle, before next election: for who ever knew them to be of one mind for two successive years. You will be left in the lurch—indeed you will.

You have made good work,
You, and your *apron-men*: you that
stood so much
Upon the voice of occupation, and
The breath of garlic eaters!

You who would break down the grand embodiments of our constitution, to which we all owe our common safety and independence, alike from the abuse of authority, and from the madness & spolations of the multitude, and would set the whole cataract of popular will burst upon the floor of congress and and sweep away this whole edifice even to the first laid stone of its first foundation.

At an election held on Monday last for Directors of the Bank of Alexandria for the ensuing year, the following Gentlemen were chosen:

William Herbert
Charles Simms
Jonah Thompson
Mordecai Miller
A. C. Cazenove
William Fowle
Nathaniel Wattles
John Hopkins
Jonathan Janney
John Lloyd

William Herbert was elected President.

Extract of a letter from an officer, to his friend in the city of New York, dated United States ship Congress, off the Baliza, Dec. 14, 1816.

"We arrived off here last evening, and thus far have had a pleasant cruise. We find Captain Morris a very fine man, and an excellent commander. We came through the windward passage, and down through Cuba and Jamaica. Spoke yesterday, the Spanish revenue ship Vetosques, formerly the privateer Young Wasp, of Philadelphia. We tried our sailing with her on a wind, and went ahead very easily. We shall wait here for orders of government. Captain Morris will go up to New Orleans."

BOSTON, Jan. 17.

It appears that at Jamaica the duties have been reduced to the following: Flour per bbl 10s: bread 5: corn meal 5: peas, beans, &c. 1s 3. To be assessed whether importation is direct or indirect.

The cargo of the Spanish brig Divina Pastora, sent into New Bedford, was sold by the Marshal on Tuesday last. The proceeds will be held by government to be paid to whoever shall be decided to be the rightful owners. The Spanish consul attended the sale.

The Newburyport Herald says, "We understand a society is formed here, for the purpose of emigrating to the western country, and that about 70 have already joined it, the principal part of whom are mechanics who have families, and who are of the first respectability."

NEWPORT, Jan. 8.

We have it in our power to state, on the most undoubted authority, that very liberal measures have been taken to bring corn from the Western into the Atlantic states, by the way of New Orleans, in such quantities as to leave us under no kind of apprehensions for the scarcity of that article, by the middle of February next. The harvests have been very abundant and heavy throughout all that vast country, except on the extreme upper borders. Letters to the writers of this article state, that corn at Chilicothe is 23 cents, at Cincinnati 25, and the large plantations twenty cents a bushel in the ear. A brig sailed several weeks ago from Rochester at New Orleans, which although her true destination was studiously concealed, was to receive at the latter place 10,000 bushels of corn, for which a person was timely sent out to make the purchase and seasonable delivery of it.

Seven thousand dollars in specie bills was a few weeks ago sent from a neighboring town into that modern Egypt, to effect purchases for the same purpose.—Three ships also sailed a few weeks ago from New-York to New Orleans, destined to return laden with that valuable bread stuff. And we are happy to state that letters have been received from the agents who have gone out to purchase, which bring word they are rapidly accomplishing the object of their missions. This is literally good news from a far country.

Further translations from French papers to Nov 28, received via Boston.

The decree exempting from duties, grain, flour, bread and biscuit, &c. has been followed by another, adding thereto the articles of beans, and other pulse. A Brussels article states, that a whole family in that country had nearly perished by eating bread made from ergotted wheat. Gen. Bormoire died in his prison at St. Pelagie. The capital punishment to which Monier was condemned, has been commuted; and he is now permitted to converse with his friends: it is said, he has made some very important disclosures.

GERMANIC DIET.

Frankfort, Nov. 5.

The count Buol Schauenstein, president of the diet has opened the session by an elegant speech, which has been replied to by the Prussian, Saxon, Bavarian, Hanoverian and several other envoys. All have done homage to the patriotic sentiments of the President and to his principles, so much in harmony with the present situation of Germany. Some of these orators have explained these objects with much perspicuity. The credentials have been examined, and the ratification of the act of confederation signed by the different sovereigns has been read.

From the Poughkeepsie Herald, January 15.

Atrocious & unnatural Crime

The following extraordinary case of the most atrocious of crimes, has lately come to our knowledge. For its correctness in every particular we can not vouch, but the mournful intelligence has been received from so many directions, that we are inclined to believe it substantially correct.

The public will recollect, that some 8 or 10 years ago a man by the name of Jesse Wood, was executed in this town for having, as was at that time alleged, and proved, caused the death of his son Joseph Wood.

The old man persisted to the last in declaring his innocence, and it now appears that the principal witness against the unfortunate old man was his own son Kier, or Hezekiah.

This monster in human shape, has lately been called upon to render an account for his doings in this life, and horrid to relate! he confessed, on his dying bed, that he was his brother's murderer; and that in addition to this unnatural crime, he had been guilty of perjury; and thus caused his innocent father to suffer an ignominious death! A just God has at length punished the unnatural wretch, and would not suffer him to depart hence until he made a full disclosure of his accumulated crimes, in the presence of a number of witnesses. He then gave him a prospect of the dreadful punishments that awaited him hereafter. The miserable wretch, after he had confessed his horrid crimes, declared that he saw hell open, and the flames ascending ready to devour him.

May his awful death be a warning to others, and deter them from the commission of even the least of crimes. If the life of this wretch could be known, it is probable the commencement of his depravity might be traced to petty pilfering. Beware then, of doing any thing that looks like crime, lest your end may be like his.

We have seldom heard of a more agravated by crime, of the blackest dye, and nothing, but a desire of doing justice to the memory of an innocent and much injured man, could have induced us to give publicity to this atrocious case.

Let the tragic end of the elder Wood be a warning to jurors—Let it be engraven on the memory of every man who may be called upon to perform this solemn duty, and let them remember, that it is far better for "ninety and nine criminals to escape punishment, than for one innocent man to suffer."

Philadelphia, Jan. 20.

On Saturday last at 4 o'clock in the afternoon, the remains of ALEXANDER JAMES DALLAS were conveyed from his residence in Fourth street, to St. Peter's burial ground in Third street.

The coffin covered with a plain velvet pall and carried by bearers, was preceded by Dr. White, Dr. Pilmore, Dr. Helmuth, Dr. Abercrombie Dr. Beasley, the Rev. Mr. Kemper. The pall was borne by Judge Peters, chief justice Tilghman, Jared Ingersol, P. S. Duponseau, Esqrs. Moses Levy, Esq. Judge Cooper, Joseph B. M'Kean, Esq. and Horace Binney, Esq. The funeral service was performed by Dr. White.

Notwithstanding the severity of the cold,* the funeral was attended by the greatest concourse of mourners ever observed since the decease of Dr. Rush.—It served to shew the deep interest taken on this occasion by Mr. Dallas's fellow citizens, and the sincere grief of the people on losing so good, so able, so useful a man.

Mr. Dallas died on the 16th inst. in the 58th year of his age.

ROBBERY.

On the night of the 6th of December, 1816, the Exchange Office of the subscriber, Bridge street, Georgetown, from appearances by a false key was robbed of the following property, in Specie, consisting of dollars, change, American and English gold, about 200 dollars; bank notes, mostly three dollar notes of the bank of Washington, and some small tickets, together about 30 dollars, a one pound note of the bank of England, and one hundred and sixty four lottery tickets as per numbers below. All keepers of lottery offices in the United States will please to keep a list of the numbers of the following tickets, as it may lead to a discovery of the theft.

JAMES KENNEDY & SON,

BOOKSELLERS, KING STREET,

Have just received from LEE'S PATENT MEDICINE Store, No. 46 Maiden Lane, N. York.

A FRESH SUPPLY

Of the following genuine Medicines.

For the prevention and cure of Bilious and Malignant Fevers, is recommended

Hahn's Anti-Bilious Pills

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the Southern & Middle States, particularly in N. York, Philadelphia, Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons at each of the above places can be adduced, who have reason to believe, that a timely use of this salutary remedy has, under Providence, preserved their lives, when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not, indeed, presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these Pills, taken once in every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age.

They are excellently adapted to carry off superfluous bile & prevent its morbid secretions—to restore the appetite—to produce a free perspiration, and thereby prevent colds which is so often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance—they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

HAMILTON'S WORM DESTROYING LOZENGES.

Which have cured an immense number of persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions or foulness in their stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and perfectly innocent, it contains nothing but what is constitution, and is also mild in its operation, cannot injure the most delicate pregnant lady or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, of whatever is foul or offensive, and thereby prevent the production of worms, and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS.

And the symptoms by which they are known:

Worms which infest the human body, are chiefly of four kinds, viz.—The Teres, or large round worm; the Ascarides, or small maw-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tænia, or tape-worm, so called from its resemblance to tape. This is often many yards long, and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious; purging, with slimy & fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face coated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success, in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of chint"—a dreadful disorder, which annually destroys the hands the infan part of our citizens if likewise th mildest and m eer fail- emedy known, and has restored ost alth and strength a great numbe whom in an advanced stage of this fata complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout asthmatic gout, palsy, lumbagoo, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc.

The Genuine Persian Lotion.

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, (the basis of other lotions) and of unparralled efficacy in removing blemishes of the face and skin, freckles, pimples inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c. The Persian Lotion operates mildly, without impeding the natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth and improving the complexion.

The Restorative Powder for the teeth and Gums.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, by absorbing all the acrimonious slime and foulness, which suffered to accumulate, never fails to injure and finally ruin them.

Hamilton's Grand Restorative.

Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints resulting from dissipated pleasures, juvenile indiscretions, residence in climates unfavourable to the constitution, the immoderate use of tea, frequent inoxications, any other destructive intemperance, the unskilful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad lyings in, &c.
